

Dragon Tip Sheet

Dragon Voice Recognition: PowerMic Mobile

- PowerMic Mobile is an additional license and is not offered to all providers. An email with step-by-step instructions on how to configure your phone will be sent out after a license has been granted.
- Using PowerMic Mobile will drain your Smart Phone battery.
- Anytime your phone times out and the screen goes black, or when receiving a call, a Pairing PowerMic Mobile screen will appear until you turn your screen back on. It should reconnect automatically.
- To turn on the microphone, click the microphone icon on the Smart Phone, no need to press and hold.

Change back and forth between your Smart Phone and a PowerMic II

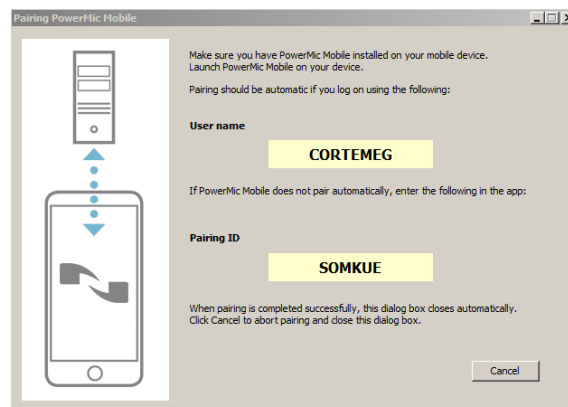

1. Click on Blue Nuance flame
2. Click Log off (brings up Log on screen)
3. Change your microphone option

4. Click OK

Pairing PowerMic Mobile

1. Launch PowerMic Mobile on your Smart Phone
2. Open Dragon through Epic and have PowerMic Mobile selected as your microphone
3. PowerMic Mobile should be paired automatically. If not, you will get the following screen:

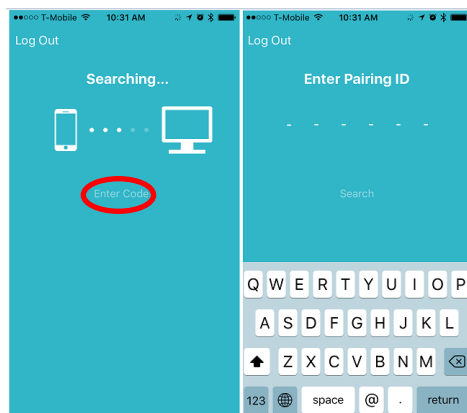

Dragon Tip Sheet

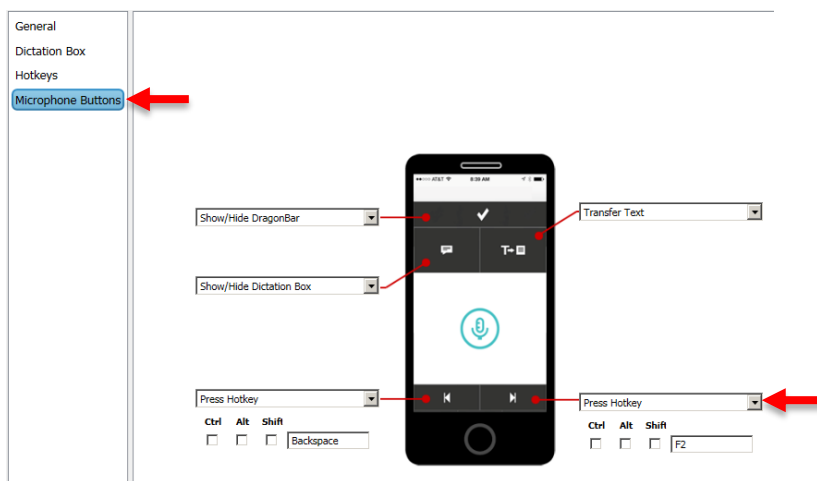

4. On your Smart Phone, click Enter Code
5. Enter the 6 digit Pairing ID into the Smart Phone app.

Setting up Microphone Buttons

1. Click on Blue Nuance Flame
2. Click Options
3. Click Microphone Buttons

4. Click on the dropdown menu and select *Press Hotkey*
5. Place cursor in the blank box and press *F2* key (or another key of your liking) on the keyboard.
6. Click *Apply All* and then, *Close*.
