

CT School Fact Sheet for the New Student

1. The program will be a maximum of 6 months in length to complete all clinical requirements and course classes. Classes meet at UCHealth Memorial North campus in the Ponderosa conference room or the Mountain view room on Thursday evenings from 6:00 PM - 10:00 PM. Classes begin in January and end in May. The second CT class will start in late August/early September and end in December.
2. The student must perform at least **16** hours of clinic per week for 16 weeks, no more than 36 hours per week for a total of **256** hours. Shifts must be at least 4 hours but no more than 10 hours within a day. Prior to beginning clinical rotations, students are required to register for Trajecsys which is our electronic timecard system to track all clinical time. Instructions for this will be given on the first day of class. This is a separate fee (\$75) to be paid by the student. You may **NOT** start clinical time until after the first day of class.
3. Students are required to purchase the following textbooks for the CT program: (the school can provide a vendor who gives a discount but may be cheaper on-line) *****Please order newest edition if possible*****
 - 1) Kelley, L. L., & Petersen, C. (2019). *Sectional anatomy for imaging professionals* (4th ed. Or higher). St. Louis, MO: Elsevier Mosby. ISBN-13: 978-0323082600. Approx. \$120
 - 2) Romans, L. E. (2019). *Computed tomography for technologists: A comprehensive text* (2nd ed. Or higher). Philadelphia, PA: Wolters Kluwer. ISBN-13: 978-1496375858. Approx. \$110
 - 3) DeMaio, D. N. (2018). *Mosby's exam review for computed tomography* (3rd ed. Or 2nd). St. Louis, MO: Elsevier. ISBN-13: 978-0323416337. Approx. \$65 (Workbook not required)
4. The tuition is currently \$3,000 (subject to change) and must be paid in full prior to the start of school (1st day of class is OK). We will let you know ASAP if tuition is changing for this year or not. This course qualifies for reimbursement from UCHealth and Penrose. The school participates in VA benefits but does not have access to student loans.
5. If the student is not an employee of UCHealth or Penrose, you may need to provide your own clinical site.
6. You are not paid for your time during school or clinical education. Attending/completing this program does not guarantee job placement.
7. The CT program follows ARRT guidelines and the graduating student will have the necessary information to take the CT registry upon completion.
