Clinical Laboratory Test Update

QuantiFERON TB-GOLD (QFT)

Labelling: The collection labels need to be attached to the appropriate color tube:

- Gray cap tube with accession number ending in .1 (GRY)
- Green cap tube with accession number ending in .2 (GRN)
- Yellow cap tube with accession number ending in .3 (YEL)
- Purple cap tube with accession number ending in .4 (PUR)

NOTE: If tubes are not labelled correctly, it will delay patient testing and turnaround times.

Example of collection labels:

Please call Mary Ellen Boyle, Manager Lab Services, at 720-848-7067 if you have any questions or visit our test directory at <https://www.testmenu.com/universityhospital> for additional information.
