**DUO & oneSOURCE set up**

oneSOURCE is a mobile app for employees and providers. Helpful features include:
- Access Kronos
- COVID-19 entry
- View pay and PTO
- Employee directory
- View café menus
- Receive notifications and alerts
- And lots more

You must be enrolled in DUO to sign into oneSOURCE. DUO is UCHealth’s two-factor authentication—an extra layer of security to verify that you have authorized access.

<table>
<thead>
<tr>
<th>Complete these steps from a mobile device:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1.</strong> Download the DUO Mobile app from the App Store or Google Play.</td>
</tr>
<tr>
<td>Make sure to allow notifications.</td>
</tr>
<tr>
<td>Close DUO and go back to the App Store or Google Play.</td>
</tr>
<tr>
<td><strong>2.</strong> Search “oneSOURCE by UCHealth” in app stores.</td>
</tr>
<tr>
<td><strong>3.</strong> When signing into oneSOURCE, you will be prompted to set up DUO two-factor authentication.</td>
</tr>
<tr>
<td>Click Start setup.</td>
</tr>
<tr>
<td><strong>4.</strong> Select the type of device you are adding. Most users will select mobile phone, then select continue.</td>
</tr>
</tbody>
</table>
5. Fill in your mobile number on the next prompt, then click on the box that you entered the correct number and click continue.

6. Select Call me or Text me to verify ownership, enter in the code provided, then click verify, then Continue.

7. On the next screen, enter in your type of mobile device, then select Continue.

8. When prompted to install duo mobile, click “I have Duo Mobile”.
9. When prompted to finish by connecting to Duo mobile, click “Take me to Duo Mobile.” If the button does not work to launch Duo, please use the link below that says “enroll by scanning a QR code or via activation link”, and choose to get an activation link via your email address to continue enrollment.

After you click the green button, click Done in the upper right corner and close the app.

10. Open the web browser on your phone and go to https://myapps.uchealth.org. Enter your credentials.

11. Click Start setup.

12. Select Mobile phone.
13. Select Continue.

14. Select Call Me or Text me to verify ownership, enter in the code provided.

15. Enter your type of mobile device.

16. Click I have Duo Mobile installed.
17. Open the Duo mobile app on your phone.

18. Click on “My Settings & Devices”.

19. Choose an authentication method and complete two-factor authentication.

20. Click the Device Options button.

21. Click the Reactivate Duo Mobile button.
22. Select the preferred verification method, enter the provided code, click Verify, then Continue.

Verify the type of device and click Continue.

23. Select: I have Duo Mobile installed.

24. Select “Take me to Duo Mobile instead.” This will finalize adding the account.

Going forward when you sign into oneSOURCE, it’s recommended that you use “Send Me a Push” to complete your two-factor authentication.

If you experience any issues or are unable to complete this process, please contact the help desk for assistance.
