Our virtual health services provide solutions when patients need them most and include programs across the continuum of care that decrease cost, increase access and improve quality.

UCHealth is committed to increasing access to affordable, high-quality care and reducing the cost of care for Coloradans with:

- **Lower-cost care options**: Providing lower-cost care options like ambulatory surgery centers and freestanding imaging centers which perform services at a lower cost.

- **Access**: Expanding access to primary care and urgent care locations.

- **High-performance networks**: Partnering with employers and insurers to offer significant discounts through high-performing provider networks.

- **Price transparency**: Supporting price transparency and offering an online price-estimate tool, which gives patients an accurate estimate of their potential out-of-pocket bills.

- **Value-based care**: Investing in population health and value-based care initiatives.

- **Social determinants of health**: Encouraging preventive care and addressing social determinants of health, like food insecurity.

Other virtual health programs available throughout UCHealth include:

- Virtual Behavioral Health
- Telestroke
- Virtual ICU
- Virtual Acute Care Surveillance Including Virtual Sepsis
- Virtual Home Surveillance
- Virtual Safety View (fall sitters)

UCHealth has committed to behavioral health services with the region’s largest and most comprehensive investment of more than $150 million over five years. Those funds, including $25 million in philanthropic donations matched by UCHealth, are dedicated to the detection and treatment of substance-use disorders, depression and anxiety and other mental health conditions.

Our areas of focus are:

**Integrated Behavioral Health and Primary Care.**
- Comprehensive care in one location with teams of primary care physicians, therapists and licensed clinical social workers.
- Dedicated psychiatry support.

**Virtual Behavioral Health.**
- Telehealth psychiatry access for ED, inpatient and ambulatory locations.
- 24/7 virtual social work and care coordination.

**Center for Dependency, Addiction and Rehabilitation (CeDAR).**
- Residential treatment including a medically supervised detox program.
- Outpatient services, extended care and community resources.

**Inpatient Behavioral Health Care.**
- Expansion of services in northern Colorado and a new inpatient unit at University of Colorado Hospital.
- Dedicated treatment of mood disorder, medical detox and high-acuity mental health.
- 49 new behavioral health beds under development.

Our mission.
We improve lives.
In big ways through learning, healing and discovery.
In small, personal ways through human connection.
But in all ways, we improve lives.

Our vision.
From health care to health.

Our values.
Patients first.
Integrity.
Excellence.

We can all do our part to help improve lives by:

- Routinely seeing a primary care provider.
- Getting an annual flu shot and staying up to date on vaccinations.
- Seeking behavioral health support as needed.
