## Clinical Laboratory Test Update

### Tacrolimus - Delay in Testing

Effective December 6, 2023, the University of Colorado Hospital Clinical Laboratory is experiencing a delay in shipment for Tacrolimus reagent. We anticipate the arrival of supplies tomorrow, Dec 7, 2023. Until then, priority testing for STAT and in-patient samples will be performed to use our remaining supplies.

Please be judicious when ordering STAT testing so as not to deplete the current stock of reagent.

Please call Mary Ellen Boyle, 720-848-7067 if you have any questions or visit our test directory at <https://www.testmenu.com/universityhospital> for additional information.
