Clinical Laboratory Test Update

Isohemagglutination Titers for Bone Marrow Transplant Patients (Isoheme-A, Isoheme B)

Effective August 20, 2025, anti-A and anti-B titers for stem cell transplant patients can now be performed at University of Colorado Hospital. Ordering these from UCH will decrease turnaround times caused by sending testing out to a reference lab.

Orderable tests in Epic will be:

- BMTISOHEME-A TITER [LAB8005]
- BMTISOHEME-B TITER [LAB6363]

Please call Blood Bank at 720-553-4444 if you have any questions or visit our test catalog at <https://www.testmenu.com/universityhospital> for additional information.
