

CBI: Sexual Assault Evidence Collection and Testing

Four Part Series

Part 1: Introduction & Legislation

Part 2: Evidence Collection

Part 3: Serology and DNA Analysis

Part 4: Toxicology

Presented by: Amanda Kashenberg MS, Daphne Taylor BSN

Date: January 1, 2026 – 12/31/2026

Time: Enduring

Location: Virtual via Rise

Target Audience: RNs, SANEs, Advanced Practice Providers

Contact Hours Provided: 2.0

Expiration Date of Activity (Enduring Materials Only): 12/31/2026

Learning Outcome: Learners will self-report a better understanding of the sexual assault evidence collection kit testing process and the impact the results have on an investigation, and various other roles the crime lab fulfills such as serology testing, toxicology, DNA, and CODIS.

Upon completion of the educational activity:

- Completion/submission of evaluation form (must be used)
- Attendance for 100% of activity
- Successful completion of a post-test - attendee must score 80% or higher
