Poudre Valley Hospital

https://www.uchealth.org/professionals/residencies/pharmacy-residency-program-pvh/

Thank you for your interest in our program at Poudre Valley Hospital (PVH)! We are searching for two exceptional residents for the upcoming 2026-2027 year.

UCHealth is comprised of 15 hospitals, including University of Colorado Hospital in Denver and Memorial Hospital in Colorado Springs. In addition to PVH, the UCHealth Northern Colorado region hospitals include Medical Center of the Rockies in Loveland, Greeley Hospital in Greeley, Estes Valley Medical Center in Estes Park and Yampa Valley Medical Center in Steamboat Springs.

PVH is a 300-bed regional medical center located an hour north of Denver in Fort Collins, Colorado. We specialize in oncology, behavioral health, bariatric weight-loss surgery, orthopedics, and women and family services for residents of northern Colorado, southern Wyoming and western Nebraska. PVH also offers a wide range of primary and specialized health services, from birthing and neonatal intensive care to hyperbaric oxygen and wound care. We have a comprehensive cancer center in addition to our expansive inpatient and outpatient oncology services throughout the region.

Our program design at PVH offers a well-rounded PGY1 experience provided by our talented and dedicated preceptors.

REQUIRED LEARNING EXPERIENCES

- **Behavioral Health Inpatient (4 weeks)**
- **Critical Care (6 weeks)**
- **Emergency Medicine (4 weeks)**
- **Family Medicine Inpatient Care (4 weeks)**
