

Accessing The Source

Access to The Source is now easier for individuals who aren't employed by UCHealth, including CU, affiliates, students, etc.

To access [The Source](#), use your normal local email and password (system credentials, not Epic login). UCHealth has added trusted domains to our network, so you should not need an additional login.

For example: [FirstName.LastName@cuanschultz.edu](#) or [EmailAddress@ivinsonhospital.org](#).

If you're still unable to sign in, please contact the UCHealth IT help desk.
