To Our Bariatric Surgery Candidate,

Thank you for your interest in the UCHealth Bariatric Center of the Rockies surgical program. As a recipient of the Certificate of Accreditation from the Metabolic and Bariatric Surgery Accreditation and Quality Improvement Program (MBSAQIP), we are committed to providing you a comprehensive bariatric surgery program. We have excellent surgical options and pre and post-surgical education, as well as monthly bariatric support group meetings. Our team approach will help you to meet your weightloss goals, ultimately improving your quality of life and your life span.

We look forward to giving you excellent care and to being partners during your lifelong journey with weight loss. The first step in this process is to attend the virtual <u>Bariatric</u> Center of the Rockies - Information Seminar.

After attending the seminar, we will schedule you for a consult. At this appointment you will meet your surgeon and nurse navigator who will answer all your questions and go over the program with you.

Go to the <u>UCHealth Bariatric Center of the Rockies web site</u> for more educational information about our bariatric surgical program. You can also meet our surgeons and read our patient testimonials.

Sincerely,

UCHealth Bariatric Center of the Rockies
